

Public Portal Upgrade

Overview of Features

Introduction

This document outlines the features available in our recent public portal upgrade

These updates will enhance the overall experience of the public and help them to navigate and locate the required information quickly

Main Portal Page

The main portal page is available on the initial load of the page, <https://cityname.primegov.com/public/portal>

This page contains a list of upcoming meetings and archived meetings, with options to view documents and interact with meeting. It also contains access to the search portion of the portal

Options for embedding the portal in the current site and for providing a view of meetings for a specific committee only are also available

Archived Meetings

All meetings that occurred in the past will appear in this list. Meetings are divided by year to help locate the relevant meeting quickly and easily

- Two different views are provided for Archived Meetings
 - Filter View - recommended where there are a larger number of Committees displayed on the portal. All Committees appear under the selected year and can be filtered by one or more Committee
 - Accordion View – recommended to be used only where there are a smaller number of Committees displayed on the portal. Each Committee appears in a separate area that can be expanded/collapsed

Information displayed here is:

- Meeting Title – The title entered for the meeting
- Meeting Date and Time
- Documents – All available documents for the meeting will be displayed here
 - Where there are more documents available than can be listed within the space available, the ellipsis icon appears and can be selected to access additional documents
- Video link - Where there is a video associated with the meeting, a link to the video will be provided here
